Instructor: H. K. SHAH. Email: shahhemendra@fhda.edu

Office hours:

Web Assign course name: Calculus 1, Math 1A, Fall 2021. HKSHAH, De Anza College. Class Key: deanza 6786 8042

Attendance: Students are expected to attend all class meetings without tardy. Student with three recorded absences may be dropped from the course. If student decides to drop the course, it is his/her responsibility to drop the course. Student disappearing get F grade. There are 20 points for attendance, for each absence 5 points will be deducted.

Course Objectives: I shall cover chapters 2 to 4, and partially chapter 10. Chapter 1 covers the topics students already have studied in Pre-Calculus. I assigned homework of chapter 1 for your review. New topics we are going to cover are Limits and Continuity, Differentiation, applications of Differentiation, antiderivatives, and parametric equations. It is an intensive course, needing 6 to 8 hours of study time per week outside the class. We are going to use TI-83/84 plus graphing calculator intensively.

Homework: Students will do homework on internet using Enhanced Web Assign program at web address [www.webassign.net/cengage](http://www.webassign.net/cengage). You need to get the access code when you buy the book. Web Assign course name and class key are written above. You need class key when you create your account. Late homework will not be accepted for grading purpose.

Examinations: There will be three midterm tests, each of one hour, and three quizzes each of 25-30 minutes. There will be no make-ups for missed exams/final or quizzes. If only one test is missed due to unavoidable circumstance, and the instructor is notified in advance or quickly; the final exam percent will be replaced for missed test percent. If you are not absenting in any exam, the final exam percent will replace your lowest exam score (if it helps), provided your final exam score is at least 85/130. A comprehensive final examination of two hours will be given on Wednesday, December 09, 2021 during 4:00 to 6:15 pm in our classroom. Student absent in the final exam will get F grade. *All students need to save corrected returned papers of quizzes and midterm exams. I may need it in unusual situation (applicable for face to face teaching only).*

Disruptive behavior: De Anza College will enforce all policies and procedures set forth in the *Standards of Students Conduct* (refer catalogue). Any student disrupting a class may be asked to leave that class. Administrative follow-up may result. **Cell phone is not allowed during all the examinations.**

Academic Integrity: It is assumed that all students will pursue their studies with integrity and honesty; however, all students should know that incidents of academic dishonesty like cheating and plagiarism are taken very seriously. Students involved in cheating will be dropped and get F for the course. Further disciplinary action by administration will follow.
